

## Intermediate - Second Step Forward Clinic

The objective of this Clinic is to reinforce specific strokes and strategies, skill development, and game implementation.

The Intermediate program is for players that have a **3.0 to 4.0 rating** that are looking to improve their game. Players should be able to keep the ball in play during short rallies, uses third shot drops during match play, and attempts to consistently dink cross court and down the line. The objective of Intermediate clinic is to reinforce solid stroke technique, transitional play from the baseline to the non-volley zone, and also game-winning strategies so that participants can move to the next level of play.

Participants will learn:

- ~proper and enhanced dinking technique
- ~3rd shot drop or drive
- ~crossing the Transition Zone
- ~footwork
- ~game play team strategies
